

## Late Submission Return Button

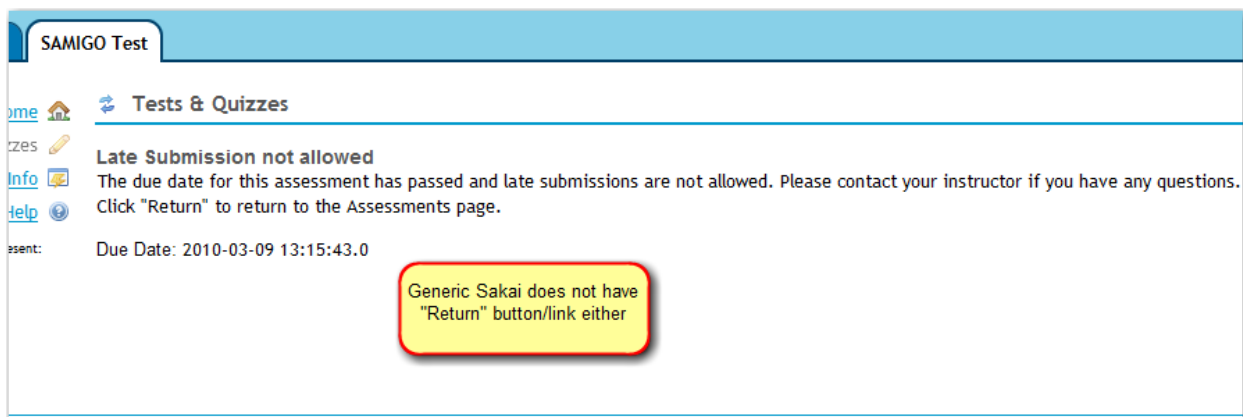

When trying to submit a late assignment which is not allowed, the page instructs the user to 'Click "Return" to return to the Assessments page.' There is no Return button/link in either Oncourse or Generic Sakai.

Steps to reproduce:

1. Create an assessment with a due date 10 minutes from now, with late submissions not accepted.
2. As a student, open the assessment before the due time and leave the assessment open until the due time has expired, then try to submit.
3. The "Late Submission not allowed" screen displays, instructing the student to Click "Return" to return to the Assessments page. Notice there is no return button/link.
