# Gap 23

This gap identifies the need for users to enter personal information and restrict access to it.
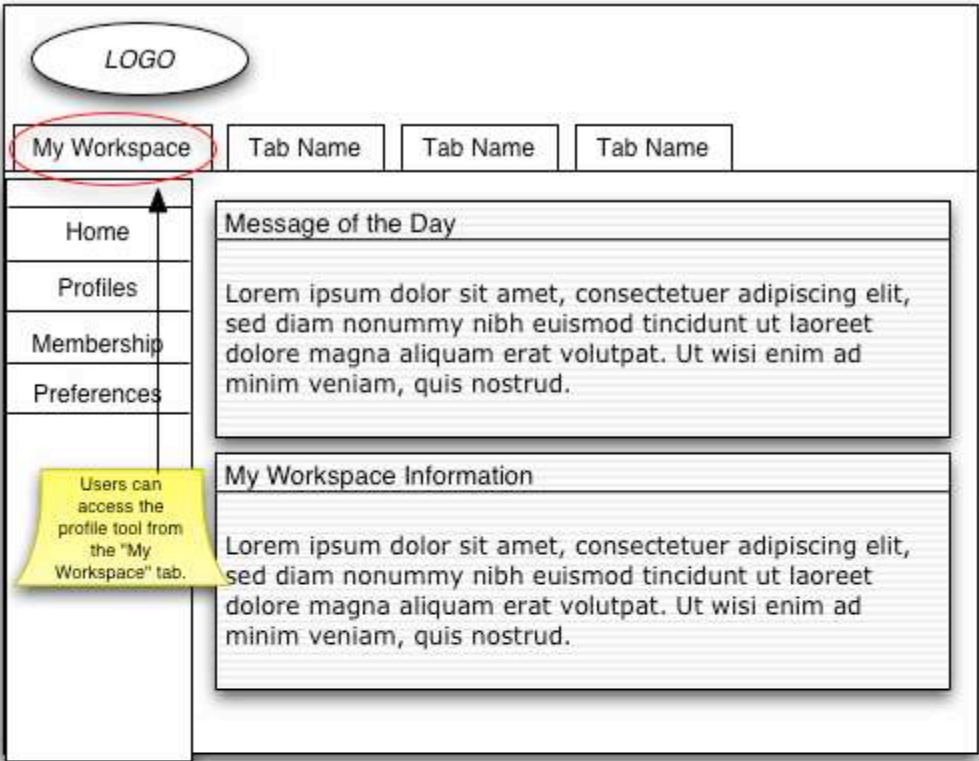

- **Mockups provided from Oncourse.**
- **Currently**
  - **Ability to enter first name, last name, position, department, school, room, picture URL, e-mail, home page, work phone, home phone and other information.**
  - **User can restrict access to certain information to faculty, students or guests.**

Information is available (based on permission) via the Oncourse roster or public profile search

Profile Workflow

START: User selects "My Workspace" and clicks "Profiles" button

END: User's Profile displays

User's Profile displays and User selects "Edit Profile"

Profile form displays
