Question: 1

Which statement is true about HP OfficeJet Pro printer?

- A. It comes with HP's fastest printing technology, advanced security and management, and offers HP's lowest print operating costs.
- B. It offers professional everyday document quality, low cost-per-page, and has a low purchase price.
- C. It offers print shop document quality, fast speeds from business-class to enterprise, and delivers best value for black-only printing.
- D. It comes with business-class printing speed, while offering affordable printing costs that allows it to cater to a client with more than 25 users.

Answer: A

Question: 2

Which is true regarding the sustainability of HP printing products and solutions?

- A. No current HP products are ENERGY STAR® certified.
- B. Overall printing costs are consistent from company to company.
- C. Energy-efficient products can also reduce operational costs.
- D. Energy consumption of the LaserJet and InkJet portfolios has increased in recent years.

Answer: C

Question: 3

While discussing HP products with a customer, when would it be a good time to incorporate the sustainability advantages of HP products?

- A. when the customer mentions they are not using Original HP cartridges in HP printers
- B. when the customer wants to improve the security of their overall product fleet
- C. when the customer wants to gain management control over multi-vendor print environment
- D. when the customer says their goal is to increase productivity and employee convenience

Answer: D

Question: 4

DRAG DROP

Match the HP FutureSmart firmware feature with its description. (Select all that apply.)

clean and simple interface	<input type="checkbox"/>	Searchable help, and enhanced security configuration options.
